Chapter 1 - USA Debit EMV Test Card Set Profiles

<p>CAUTION</p> <p>Multiple consecutive incorrect PIN entry attempts may result in the card being blocked. This is known as being 'PIN Blocked'. If this occurs, it will no longer be possible to enter an Offline PIN, which will cause all future transactions to be declined.</p> <p>*** It is not possible to unblock a 'PIN Blocked' card ***</p>
<p>NOTICE</p> <p>Interac Flash cards have a '1xxxx' BIN range. These cards are supported by all Canadian processors but are not yet supported by all U.S. and international processors.</p> <p>*** Check with your acquirer account representative to determine if the Interac Flash BIN range is supported by their development host. If your processor does not yet support Interac Flash, the card will function properly at the POS but it will not obtain a host approval. ***</p>
<p>RECOMMENDATION</p> <p>For those that are relatively new to EMV and seek assistance in understanding 'the basics'... Consider B2's online courses – eLearning and Virtual Training. Learn from the comfort and convenience of your office (or home-office), at your own pace.</p> <p>Visit: b2ps.com/b2-university</p>
