

B2 UNIVERSITY

Whether you are just getting started in your EMV or contactless program, or you're further along in the implementation process, B2 University was made to support you along the way with a variety of training courses. Designed by B2's subject matter experts, our courses provide comprehensive knowledge of the global payment industry and region-specific requirements for all key players in the industry. Choose from instructor-led training, both in-person and virtually (on-line) with targeted and general training courses; or eLearning courses, designed to give you the flexibility of learning on your schedule and at your own pace.

Instructor-Led Training Courses

EXECUTIVE EMV & CONTACTLESS

This is a full day course containing comprehensive overviews of both EMV contact and contactless transactions and highlights industry insight, best practices, domestic and global trends.

EXPERT EMV & CONTACTLESS

This training is a full 3-day program and gives attendees in-depth expertise on EMV and contactless form factors, acceptance devices, transaction processing, card and terminal architectures, "do's and don'ts" and best practices.
