My Account Portal and Online Quotes

**New Enhancements for
b2ps.com**

At B2, we are constantly striving to provide you with the best possible service and we're making it easier to purchase our products with the launch of two new features on our website: The My Account portal and online quotes!

1. My Account: Your Personal Hub for Convenience and Control

With the new My Account feature, you now have the ability to manage your contact information, billing and shipping preferences, and view your complete order history.

To experience this exciting new feature, create a new account on our website, if you haven't done so already. If you have any questions or need assistance, please reach out to marketing@b2ps.com.

2. Online Quotes: Streamlining Your Request for Quotes

We are thrilled to introduce that we have eliminated the inefficient process of back and forth email communication to request quotes and are introducing Online Quote generation - providing our clients with a self-service ability to create instant quotes online and at any time. This new feature is accessible by request only and can be accessed in the My Account portal. B2 online quotes will save you time while streamlining your purchasing experiences. To activate online quotes, please create an account in the My Account portal on our website and contact us to request this feature be turned on in your account.

New Touchless Test Suite Packaging

Premium packaging that goes beyond the norm

We are excited to unveil the all-new packaging design for the B2 Touchless Test Suite. Our team has worked to create a packaging that reflects the cutting-edge technology and exceptional functionality of the B2 Touchless Test Suite.

Inside the smart new packaging, each component is organized in compartments. The components fit snugly into custom-molded sections, preventing any movement during transit.

Learn more about the B2 Touchless Test Suite and enjoy this new look for yourself!

Client Appreciation Day

We're grateful for YOU!

At B2, we believe that our clients are the backbone of our success. Without your loyalty and continued support, we wouldn't be where we are today. That's why we are thrilled to celebrate Client Appreciation Day and take this opportunity to express our heartfelt gratitude. To celebrate this day and show our appreciation, please take advantage of the following discounts*:

- 10% off our Touchless Test Suite using code **TTS10%** at checkout in the B2 Store
- A **free 1-day PaytestLab workshop** when booked during the promotional period.

***Promotional items must be purchased/booked between May 19-26, 2023.**

PaytestLab

Automated Payment Testing Solutions

B2 is excited to introduce the launch of **PaytestLab**, a comprehensive payment testing service using state-of-the-art automation tools to help our clients achieve their testing requirements. Including all the essential components to get your payment test automation up and running, like robots, cloud-based software platforms and expert consultants, PaytestLab will improve your testing efficiency, reduce costs and enhance the quality of your software.

Partner with PaytestLab to build a test automation solution uniquely configured to your organization's specific needs. Learn more on our website or contact us to discuss options.
