

# TOUCHLESS TEST SUITE

## HELP ENSURE A SEAMLESS TRANSITION TO TOUCHLESS AND CONTACTLESS PAYMENTS

The payments industry is seeing rapid growth in contactless and touchless transactions. The B2 Touchless Test Suite helps ensure a seamless migration to a safer and more convenient way to pay. This solution allows organizations to perform comprehensive testing of all their physical payment options to ensure they support the commonly used methods for contactless and touchless payments.

The main component of the TTS is the B2 Mobile Test Suite. It is ideal for user acceptance testing (application development and testing), training support personnel and performing demonstrations.

### THE SET INCLUDES:

Two smartphones – the Apple® iPhone® and a Samsung® Galaxy\* pre-loaded with static Device PANs in the mobile wallet and Applications to test and use with:

# TOUCHLESS TEST SUITE

## FEATURES AND BENEFITS:

### MOBILE PAYMENT OPTIONS

The B2 Mobile Test Suite smartphones are pre-loaded and ready for testing. Testing of other digital/mobile devices and hardware (e.g. smartwatches, new versions of smartphones, etc.) may also be available upon request.

### CONTROL AND MANAGEMENT

The mobile devices will be managed under B2's Mobile Device Management system (MDM). With the MDM, B2 has the ability to remotely manage and update the applications, including the ability to control how the mobile devices are configured to limit instances where someone might inadvertently delete an app, change a setting, etc.

### B2 TOUCHLESS DUAL INTERFACE TEST CARD COLLECTION

Contains 10 of our most popular dual interface test cards to enable testing of EMV contact and contactless credit and debit card transactions for all major payment brands accepted in the US. Select cards within this set contain a Payment Account Reference (PAR) that reference the same PAR on the included phones with the Mobile Test Suite.

### SELECT B2 eLEARNING MODULES

These industry-leading, self-led online training courses provide the ability to grow expertise and help educate anyone involved in the EMV and contactless payments ecosystem – from beginners to seasoned experts.

The B2 Touchless Test Suite provides processors, ISOs, ISVs and merchants the tools and knowledge to implement and deploy touchless, frictionless and seamless payment POS solutions with confidence

## Work with the Payment Experts

At B2 we have made it our mission to make sure our customers always have access to cutting-edge smart and secure solutions. By applying B2's innovative services together with world-class technologies, we deliver best-in-class solutions to our customers across the globe.
